RIRIN THE PANDA

TURN INTO
CUTE
GIRLS!!

There's no point
in trying that
again. We've
failed every time
so far.

Rinn will be
going into
heat soon,
won't she?

Why don't we try to
get her to mate
with another panda?

We've been working
with zoos across
the world to
introduce her to
as many male
pandas as we can

Giant Pandas are
as selective about
their mates as
humans are. It's
hard to get them
to breed

It's weird.
She's normally
so happy and
sociable...

Oh yeah, she
runs away
from them
every time,
doesn't she?

That's a
good idea.
If she
turns into
a human, I
can talk
to her!

So I thought
you might be
able to ask her
about her
problems directly.
Fascinating!

We can only
assume it's
some kind of
psychological
issue, but
being afraid
of males...

It seems like
she's going into
heat properly,
so it's not a
physical issue.

She just turns down
every single male...

No way? Rin-chan is the most popular attraction we have!

She's got loads of fans. If we lose her, the kids will be so sad...

By the way, the fees we have to pay to lease her from China are really stretching our finances.

If she doesn't have a baby this year, we'll probably have to send her back...

Eh??

I'll do it! I'll convince her to mate with another panda!

I do!

Do you understand how dire the situation is now, Tanaka-kun?

Okay

Rin-chan might be scared of me, so be gentle, okay?

Hello, Rin...

かん

house

Is she
masturbating?

Aaa...

Aaaa...

!?

Pandas are one of
many species that
masturbate

Ah...

I can almost
see her=

Pandas may be gentle-looking but they are a species in the bear family. They're quite dangerous, and handlers have to keep their distance from adult pandas.

WAAAH!

Why are you here?

T-
Tanada?!

Oh I'm sorry.

Calm...

No, it's my fault... I'm sorry, Rin...

Is it okay...?

I've got something I want to talk to you about.

Haha, she wasn't as afraid of pandas after all.

But if you don't want to, I can go...

Rinn...

は、

Not mind...
mating with,
umm... people
they don't love?

Do
humans...

It's no
wonder she
doesn't
want to be
made to
mate...

She must
really value
love more
than I
thought...

The fertility
rate of female
pandas is much
lower when
they don't
select their
partner
themselves...

Tanaka...

Just like
pandas,
humans don't
like to mate
with people
they don't
love...

We do
mind,
Rinn...

... But it
probably won't
happen...

...
Only...

Is that okay,
Rin...?

So I'm going to
work really hard
to find you a male
you really love.

...I'm telling
you, it's
pointless...

I-sure it
will!

EW?

There has to be a
male somewhere
in the world that
you'll fall in
love with!

What's with
this
reaction?

But if I told
them the
truth about
me... They'd
hate me...

I
DONT
...!
I
REALLY
DONT!

Rin... I
guess you
must hate
males after
all...

NO!
THAT'S
NOT NOW
IT IS...

THAT
THAT'S
REALLY
NOW I AM...

I JUST
CAN'T
TELL
THEM...

What
do you
mean?

You're so
cute, and
you've got
such a good
body. Riri...

You're our
zoo's idol...

Any male would
fall for you!

No way...
You won't
know that
until you
tell them!

I CAN'T...
IF I DO,
IT'LL RUN
EVERY-
THING...

THAT
CAN'T BE
RIG-

I know what
makes them
think about me...

And I know
I'll just
disappoint
them...

It's so ugly...

My chest is so small...

They're so beautiful...

I'm not cute at all...

My body isn't as good as you think... I can't let the doc's look...

I'm not big like the director at all...

I know you probably like hers more,

I could
spend
forever
touching
them

A
hnhn!

They're
enveloping
me so
gently...

huh...

Ahn!

His hands
are so
big...

You're
inside
me!

Ahn!

Tan
eda!

Ah!

Ahhh

Ahh!

Tan...
da...

Will you...
touch my
chest
too...?

Ririn!

Ahh

RIRIN

NEWBORN PANDAS ARE EXTREMELY SMALL: ONLY AROUND 15CM LONG. THEY GAIN THEIR DISTINCTIVE BLACK-AND-WHITE PATTERN WITHIN A MONTH AND BECOME UNBEARABLY CUTE - PARTICULARLY WHEN THEY'RE TOTTERING ABOUT AND LEARNING TO WALK.
